### MESSAGE

I am happy to launch the National Service Scheme (NSS) website as it is an important platform for sharing information, activities and functions of NSS. NSS brings our academic institution closer to society and combines knowledge and action to achieve results which are desirable for community development. NSS has emerged as India's largest student youth movement in volunteerism, seeking to work with the community.

There are over 38 lakh students NSS Volunteers apart from Programme Officers, Programme Coordinators, State NSS Officers, Regional Directors and other NSS functionaries who undertake the NSS activities and programmes aimed at Nation building with voluntary initiatives.

The NSS Website has been redesigned and developed, keeping the vision of Hon'ble Prime Minister of India, Shri Narendra Modi, who is fully committed for the development and empowerment of youth of the country.

This website is focussed on youth led development with the basic belief that youth of the country are catalysts of change and play an important role in the sustained development of the country. NSS plays a key role in the character building and personality development of the youth through community service. This website will offer a platform for exchange of ideas an experience and will act as a road map for the youth to bring about the change. I wish NSS a grand success.
